**ST JOSEPH'S** Parish Day was a real success last year, so for the second year running it will be held on the first Bank Holiday in May, Monday 3<sup>rd</sup>. from 1-5pm. It is planned to have a day of fun for all ages and there are lots of games as well as stalls.

A popular feature last year was the hanging baskets, which were eagerly snapped up. The best option is to order one in advance and you can get a form from their website [events@stjosephs.org.uk](http://events@stjosephs.org.uk) There should be some available on the day, but you can't rely upon it. Anyway, go along and enjoy the day.

**THE CSP** and GX branch of The Children's Society will hold its spring Fayre on May 22nd at Chalfont St Peter Church Hall from 10am till Noon. Pony rides, family games, children's activities, gift stalls, plant stalls and cake stalls plus a soft toy tombola are amongst the attractions on offer. We went along and had a super evening meal and there are lots of items on the menu that we still want to try. They do a lovely Spanish-style breakfast from 9am and lunchtimes can be enjoyed with friends to share the variety of tasty items lined up along the table. Telephone 01753 890955.

### **MAY 9th Solo Violin Concert** - Persephone Gibbs 'a rising star of the baroque violin' *Time Out*

We wish to invite you, your friends, and family to join us at Jordans Quaker Meeting House on Sunday afternoon May 9<sup>th</sup> for a concert from the talented Persephone Gibbs, who has been described by *Time Out* as 'a rising star of the baroque violin'. It will start at 3pm with tea afterwards. She'll be playing a selection of music from Baltzar, Paganini, Bach, Vilsmayr, Telemann, and Biber for around an hour and 15 minutes. Admission is free, but any donations will be gratefully received and go towards the ongoing work of the New Jordans Programme.

**THE** Chairman of the Roads Committee, George Eykyn, has asked that this information, which relates to traffic in the estate, and the Holy Cross planning development, be passed on.

#### **Traffic in the estate**

Residents will recall that concerns were voiced at this year's AGM that our normal levels of traffic might be raised significantly because of the office development at the bottom of Chiltern Hill. Since then traffic levels have been electronically measured. These show that there has been no significant increase in traffic volume since measurements were last made at the time Chiltern Hill was reopened. We now have a baseline measurement against which to compare traffic levels in the future, once the offices are open and staffed.

#### **Holy Cross development**

Chiltern District Council has emphasised that objections relating to the Holy Cross development (reference CH/2010/0293/0A), sent in by email must carry the sender's name and address.

If you have emailed an objection to CDC without adding your full name and address, your objection will not be accepted. CDC should have acknowledged your email, and replied asking for your address. If you have not received an acknowledgement of your objection by Monday 12<sup>th</sup> April, this may be the reason.

There is still time to rectify this by:

1. Telephoning to ask why you have not received a reply - 01494 732046.
2. Emailing again to [planning@chiltern.gov.uk](mailto:planning@chiltern.gov.uk) making sure that your full details are included.

It is normal for the council to request names and addresses, as a safeguard against bogus objections. All objections should be received by the council this week. To date some 450 objections have been received, but it has been estimated that 55-70% of these may be rejected for the above reason.

#### **Proposed newsletter**

Could I take this opportunity to invite residents to submit articles and news items for a Chalfont Heights newsletter? The first edition is provisionally planned for the end of May. This newsletter might be of interest to residents keen to offer their views and/or invite contact from others over particular "hot" issues (eg. traffic, house-numbering, planning, aircraft, protecting vehicles and property on the estate). Offers to provide material for the newsletter gratefully accepted -- to me as the collator, please. Photographs or other visual material would also be good. Many thanks.

**RECYCLE** your cycles. Cycle Aylesbury promotes cycling by encouraging people to swap their bikes. Re-cycling your old bikes with Cycle Aylesbury this summer will not only help the environment but give people the opportunity to swap their old bike for another!

This 'wheelie' good idea follows on from the successful 2009 Bike Swap days. A number of Swap days are planned for Aylesbury, so why not take advantage and sort out all those dusty bikes from the back of your shed, the bikes that are now outgrown or the broken bike that you always meant to repair.

Cycle Aylesbury, working in conjunction with Sustrans, the UK's leading sustainable Transport Charity, will also be offering FREE cycle checks, on a first-come, first-served basis, with a qualified cycle mechanic.

To donate your bike please contact us on [cycling@buckscc.gov.uk](mailto:cycling@buckscc.gov.uk) Bike recycling days are a just a few of many events planned for this summer. For more details please visit the Cycle Aylesbury website at [www.cycleaylesbury.co.uk](http://www.cycleaylesbury.co.uk)

**VILLAGE DESIGN STATEMENT FIRST DRAFT AVAILABLE NOW** The Chalfont St. Peter Village Design Statement is the local planning document for our Parish created by the residents. When it is adopted as a Supplementary Planning Document (SPD) by the Local Planning Authority it will be a material consideration in planning decisions (backed by the courts), and by planning inspectors).

Chalfont St Peter is facing huge pressures with regards to development and a Village Design Statement that has been agreed by the entire community is a very powerful document that creates a truly democratic framework for the future of the village.

It is vital that Chalfont St Peter has a democratically agreed definition of its character and a Village Design Statement is the body of evidence defining that character. In the future this will help guide designers, architects and planners to work in harmony with the wishes of the residents of the village covering things such as the size and design of the buildings, the layout of the open spaces and the gardens, the trees, hedges and verges, the river, flora and fauna, the signs, kerbs and shop fronts and all the elements that go to make up the environment that we live in. The Chalfont St Peter Village Design Statement also takes into account sustainability issues with regards to the environment, such as the environmental impact of new and existing development and new energy technologies so that Chalfont St Peter can do its part for the global environment.

The first draft of the Village Design Statement has evolved from two major public meetings, a questionnaire sent to every house in Chalfont St. Peter and the hard work of a dedicated group of individuals who collated the information gathered from the public meetings and the survey, also adding their own dedicated research.

We now invite your comments on this first draft so that it may be finalised for publication.

**HAVE** you ever thought about Fostering?

There is a recognised shortage of 10,000 Foster Carers in the UK. PACT, founded in 1911, is also known as the Oxford Diocesan Council for Social Work inc. We are a registered charity working to improve life chances for children. The focus of our work is within Berkshire, Oxfordshire and Buckinghamshire and aims to build and strengthen families.

We are an approved Adoption and Fostering Agency. We have a history of finding safe, loving families for children in care. Here are a few facts about Fostering:

1. Did you know you don't have to be married to become a Foster Carer?
2. You don't have to have children already although you do need to have experience of caring for children.
3. Did you know you get paid a Fostering Allowance of £335.70 a week to be a Foster Carer which is tax free and won't affect any other benefits?
4. Most of the children who need fostering are known as 'hard to place' children, they will usually be 8+ years of age.

Fostering is a hard but very rewarding job. If you think you might have what it takes to become a Permanent Foster Carer or you want to find out more then contact PACT now on **0800 731 1845** e-mail

**VICTIMS** of domestic violence are receiving extra help and support through the court system, following the setting up of a Specialist Domestic Violence Court operating from High Wycombe Magistrates Court. The new court status represents a year's work involving a number of agencies, including the Community Safety Partnership, Thames Valley Police, Women's Aid and the Crown Prosecution Service. Within South Buckinghamshire, there is one court in High Wycombe which is held on a Thursday. There are facilities at Court to enable application to be made for vulnerable victims and witnesses to give their evidence via video link or from behind a screen.

Additionally, specially-trained magistrates, legal advisors and prosecutors will oversee the court process and private facilities can be provided for victims, families and witnesses. Support agencies will also be on hand to engage with victims before, during and after the court process to ensure that the necessary individual support is offered.

Specialist Domestic Violence Court's (SDVC's) provide a specialist way of dealing with domestic violence cases in Magistrate Courts. All agencies work together to identify, track and risk assess domestic violence cases, support victims of domestic violence and share information better so that more offenders are brought to justice. Additionally, SDVC's are a fundamental part of the Government's efforts to improve the support and care we provide victims of domestic violence/abuse, and to raise public awareness of these offences which have a devastating effect on our community.

"Anything that is designed to deal sensitively and efficiently with domestic violence is to be encouraged."

**ACHIEVING** £27million worth of savings from the Council's Transformation programme remains the goal of Buckinghamshire County Council and has already led to the delivery of £3.4million in the last year. We now have a new proposal to investigate further the possibility of outsourcing some services and transforming others internally.

Despite the ending of the Pathfinder Shared Services Project the County Council remains committed to making significant savings from its back office services. Protecting and delivering high quality frontline services means we must continue to tighten our belts elsewhere.

That is why on Monday, 19 April, Cabinet Members agreed to look at the opportunities and benefits of outsourcing some or all of its property and facilities management and IT services. The Council also will soft market-test the Finance and HR functions to inform the business case for the best way forward. A report will come back to Cabinet with proposals in July 2010. For further information please contact: Viv Saunders, Communications Officer Tel: 01296 382673 Fax: 01296 382005 Email: [vsanders@bucksc.gov.uk](mailto:vsanders@bucksc.gov.uk)

**THE** Thame Gazette last week warned that a scam attempt was being tried in Aylesbury by an outfit which rings up and claims to be the National Crime Survey. This organisation simply doesn't exist. What they say is along the lines that as part of a national survey they are setting up security equipment in 4 houses in your area and of course you are one of the lucky ones. Presumably their intention is to get an appointment to come and look over your house during which they case the joint for later or help themselves to anything interesting lying around. Usually one would keep the householder chatting while the other "had a good look around so that we can advise you properly" or some similar nonsense. They could also of course also be trying to find out who is around during the day and who is not.

We had a call around midday today and so did a neighbour so they seem to have the phone numbers in the address sequence they need to tackle the task fairly methodically. The message is therefore to a) tell them straight away to get lost and put the phone down and b) all should be vigilant in case strangers who could be in casuals, uniforms or smart kit, appear to be doing the rounds. Could you pass this on to other local residents, particularly anyone who might be prone to believing them or letting them in?

Any calls or sightings should, according to the Thame Gazette be reported to Community Safety at AVDC, phone 01296 585615 and/ or Thames Valley Police on 08458 505 505.

**YOUNG** people in Buckinghamshire will be able to study for a new range of specialised diplomas from September 2011, thanks to the success of the Buckinghamshire 14-19 Partnership in its bid for new qualifications.

New courses being introduced will include Construction and the Built Environment, Public Services, Travel and Tourism, Engineering, Manufacturing and Product Design. These are in addition to currently offered diplomas in Creative and Media, Hair and Beauty, Hospitality, Society Health and Development, Information Technology and Business Administration and Finance.

The Buckinghamshire 14-19 Partnership has been successful in all its applications this year in comparison to a success rate nationally of 70%.

Diplomas are new qualifications designed for students in key stage 4. Students who choose to study for a diploma can do so instead of GCSEs or A levels. The diploma is delivered by a combination of academic study and practical, hands-on experience which means students gain both theoretical knowledge and essential business and life skills.

One young person currently studying the Higher diploma in Creative and Media is very enthusiastic about it: "I heard about the diploma at school. I thought it sounded really different and interesting. I was really glad that I was able to choose it instead of doing normal GCSEs. I always think that studying GCSEs will involve lots of sitting behind a desk and writing. The Diploma involves hands-on work and learning about things in the classroom which I am more interested in. I really want to go to drama school so the Higher diploma in Creative and Media sounded really good. I also get to move around a lot - I still go to my school, but I will also be having diploma lessons at another school."
